Following Jesus Home

For this game you'll need
1 Somebody to play with
2 A die
3 The board game
4 A counter for each person (below)
5 A stack of disciples (below)

Cut out the counters and disciples, find a die, and you're ready to go.

Put your counter on square 1, roll the die, and move round the board – backwards and forwards – according to the fall of the numbers.

You should win extra disciples as you go, and the winner is the first to get to Jesus' home, bringing at least two extra disciples with them.

(If you're unlucky enough to get to 'Home' without any disciples, try again – but start at square 14.)

At the end, congratulate the winner and cheer the others as they finish. It doesn't actually matter how long you it takes you to get 'Home' – and one kid I know *never* picked up any extra disciples however hard he tried. It's just a game, Jesus will welcome you to His house however – and whenever – you turn up!
